Refused A Certificate

QUEEN'S HOSPITAL AUTHORITIES DECIDED THAT SUDDEN DEATH SHOULD BE INVESTIGATED.

Henry Gilson, the baker at the Hawaiian Hotel, died suddenly last night at the Queen's Hospital. While the symptoms indicated that he had might have been affected with heart trouble or possibly asthma, it was decided by the hospital authorities that the authorities should be notified and a certificate death was therefore withheld until after an inquiry will have been made. Coroner Kalakela was notified and began an investigation into the case.

The deceased who was 72 years of age, had been ill with asthma for several days past. His friends had endeavored to persuade him to go to the hospital but he refused. He became worse yesterday and finally last night his condition became so alarming that the patrol wagon was summoned and about 11 o'clock he was sent to the hospital from the hotel. He died within half an hour after reaching the hospital.

An autopsy was started this afternoon by Dr. J. T. McDonald to determine the cause of death. The deceased left a widow and a son who is employed at Hackfeld & Company's store. The funeral will be under the auspices of the German Benevolent Association.

TO SETTLE LAND

Joseph Perry and William Fernandez of Hilo, who came here to try and settle the Hakalau land controversy, had a conference this morning with Land Commissioner Pratt and subsequently with Acting Governor Atkinson. The Settlement association which they represent had failed to agree with Pratt, after some correspondence, as to the size of the homestead lots to be allowed per family. The conference this morning indicated more favorable results and it is probable that the representatives of the settlers will go back with a proposition which the association will accept.

The association, it is understood, has been reorganized by the dropping of certain members whom the land commissioner and governor held were speculators and who were admitted by the delegates this morning to be such, and an agreement on the size of lots to be taken up is now expected.

RUNAWAY HACK.

Shortly before noon today a Japanese hack driver, Tanaka by name, tied his horse in front of the New England Bakery on Hotel street, by the bridge. A rapid Transit car went by and frightened the horse which set back and breaking loose started to run.

After going about two blocks the hack collided with a heavy dray. The collision severed the connection between the hack and horse, breaking both shafts. The horse was stopped near River street.

AWAIT HIGASHI

Judge De Bolt announced this morning that he would postpone all gambling cases until the Supreme court decides the Higashi habeas corpus case. Other cases which may depend upon the same decision will also be postponed. In the Higashi case the Supreme Court is to decide the "infamous punishment" proposition and if it is held that gambling cases and others cannot be tried without indictment, the pending cases will be turned over to the Grand Jury. Otherwise Judge De Bolt will proceed to try them as misdemeanor cases.

JURY CHALLENGED

A challenge of the array of Grand Jurors was made in Judge De Bolt's court this morning by Judge Gear, as counsel for several defendants who may expect indictments from the Grand Jury. It was on the ground that the court could not at this time swear in a new Grand Jury for the April term, as the January term was still in session. The Johnson murder case, a January term matter, is still being tried before Judge Robinson, and this is the basis of the challenge. As far as Robinson is concerned, the January term has never been altogether adjourned, and it is claimed that there cannot be two terms at once.

OREGON REACHED COAST TODAY.

The battleship Oregon arrived at San Francisco this morning from Honolulu. A dispatch to this effect was received this morning by the Marine Exchange.

TALKED WITH BRITISH SHIPS.

The wireless station at the Naval Station was quite successful yesterday talking with the British cruiser Cambrian. The British cruiser got away for Acapulco at 11 a. m. yesterday and communication with the naval wireless station was maintained until 7:30 p. m. yesterday, a distance of 70 miles being reached. Captain Gault of the Cambrian expressed thanks to Admiral Lyon and to the local people for the kind reception and treatment given those on the vessels during the visit at this place. It was with regret that the officers of the vessels left Honolulu.

ALAKEA WHARF.

The Alakea wharf proposition, on which the opening of bids was postponed last week, is to be the subject of a conference tomorrow with the Acting Governor, Superintendent Holloway and others. It is a question whether there is money available to complete the sheds for wharves already built and to build the new ship.

LIQUID VENEER MAKES OLD THINGS NEW

Liquid Veneer is a wonder! It will make re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beautiful results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer. Liquid Veneer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other mahogany, and is highly beneficial to Golden Oak, White Enamel, Gilt, Silver and other finishes. In 8 oz., 1 quart and ½ gallon bottles, at
